THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI KARIA MUNDA) : (a) Yes, Sir.

(b) It has been decided that the public sector steel plants should be brought under the overall control of an integral company so that it can function as an integrated steel complex and all activities which are not directly related to steel production be kept outside its purview. The broad features of the proposed reorganisation are as under :

(i) Hindustan Steel Limited, Bokaro Steel Limited, Salem Steel Limited, SAIL International Limited, Bhilai Ispat Limited, Rourkela Ispat Limited and Durgapur Mishra Ispat Limited which are wholly-owned subsidiaries of Steel Authority of India Limited will be merged in Steel Authority or India Ltd. (SAIL) and these will function as divisions of SAIL.

(ii) The shares presently held by Government in Indian Iron and Steel Company limited will be transferred to SAIL and it will become a subsidiary of SAIL. After the shares held by the financial institutions and others are also taken over, IISCO will also become a division of SAIL.

(iii) Metallurgical & Engineering Consultants (India) Limited, Hindustan Steel works Construction Limited and National Mineral Development Corporation, wholly-owned subsidiaries of SAIL, will become independent companies under the direct administrative control of the Department of Steel. Kiriburu and Meghataburu Iron Ores Mines of NMDC will, however, be transferred to SAIL to serve as captive units of Bokaro Steel Plant.

(iv) Bharat Refractories Limited, a wholly-owned subsidiary of Bokaro

Steel Limited, and all other refractories units will come under the direct control of the Department of Steel..

(v) Central Coal Washeries of Hindustan Steel Limited at Dugda, Bhojudih and Patherdih will be transferred to Bharat Coking Coal Limited.

(vi) There will be functional divisions in SAIL to look after matters of policy at the corporate level and to manage the affairs of its various units.

(vii) Maximum autonomy will be given to the Chief Executives of the various units so as to ensure these units working with maximum efficiency. It is proposed to give effect to these proposals by means of legislation.
