Size of operations of the monopoly firms and multinational corporations

@*420-A. SHRI SAWAISINGH
SISODIA:
SHRI PRAKASH MEHRO-
TRA:
SHRIMATI LAKSHMI
KUMARI CHUNDAWAT:

Will the Minister of INDUSTRY be pleased to state:

@Previously starred Question 350 transferred from the 2nd August, 1977.

(a) whether Government have decided to allow monopoly houses and multinational corporations to maintain their present size of operations; and

(b) if so, what are the details in this regard?

THE MINISTER OF INDUSTRY (SHRI GEORGE FERNANDES): (a) and (b) A statement is laid on the Table of the House.

Statement

(a) and (b) Activities of 'monopolistic undertakings' as defined in the Monopolies and Restrictive Trade Practices Act are regulated through the provisions of the said Act. Similarly, activities of companies having non-resident interest above 40 per cent are governed by relevant provisions of the Foreign Exchange Regulations Act, 1973. The industrial undertakings belonging to either of the categories mentioned above and coming within the purview of the provisions of Industries (Development and Regulation) Act are also regulated by its provisions. These undertakings are subject to the discipline of industrial licensing and no exemptions from industrial licensing are admissible to them.

The existing policy permits foreign companies and the undertaking covered by the provisions of the Monopolies and Restrictive Trade Practices Act to enter only in 19 specified industries which are of importance to the national economy or have direct linkages with such industries, or have a long-term export potential. Even in these categories of industries, Government's policy is to encourage competent small and medium enterprises in these categories of industries, Government companies and MRTP undertakings. The objective of the Government is to ensure that operations of foreign companies and MRTP undertakings including monopolistic undertakings conform to the overall socio-economic policy of the Government and their activities including their

size of operations are regulated within the policy guidelines announced by Government from time to time.
