(b) if so, whether Government propose to restore the cut imposed on allocation of Calcium Ammonium Nitrate fertiliser for Western Uttar Pradesh for the current Kharif season; if not, what are the reason, thereof ?

THE MINISTER OF AGRICULTURE AND IRRIGATION (SHRI PARKASH SINGH BADAL) : (a) and (b) During Kharif 1977, Uttar Pradesh has been allotted 23,320 tonnes of CAN as against their proposed requirement of 23,000 tonnes. In addition, adequate quantities of Urea, another nitrogenous fertiliser, are available in the State. The distribution of fertilisers amongst various Regions within a State is done by the State Government. The Government of India have no reports to indicate that the farmers producing crops like potatoes, sugarcane, etc. are facing any inconvenience. Since CAN has been allotted to U.P. slightly in excess of the requirement indicated by the State Government and since adequate quantities of urea are also available, the question of restoring the cut on allocation of CAN does not arise.
