THE DEPUTY MINISTER IN THE MINISTRY OF AGRICULTURE AND IRRIGATION (SHRI K. N. SINGH):

(a) Irrigation is a State subject and Irrigation projects are financed by the State Governments themselves. The total loan assistance given to Bihar Government for Kosi Project (including for flood control works) during 1954—69 amounted to Rs. 68.16 crores. During the Fourth Five Year Plan and the first two years of the Fifth Plan, Central assistance to the States was given in the form of block loans and grants for the Plan as a whole and was not related to any particular sector of development or scheme. The anticipated expenditure on the Kosi Barrage and Eastern and Western Kosi canals (including Nepal portion) by the end of 1975-76 would be Rs. 84.37 crores (excluding flood control works). So far payment of Rs. 7.34 crores has been made to the Bihar Government towards the cost for the Nepal portion of the Western Kosi Canal.

(b) Yes Sir.

(c) 22,000 families have been rehabilitated. 2916 acres of land have been acquired for rehabilitating the displaced persons. House building grants amounting to Rs. 150 lakhs have been given and about Rs. 8.5 lakhs have been spent on providing common facilities against the estimated expenditure of Rs. 2.13 crores.
