

for allotment out of special quota placed at the disposal of certain departments;

(b) the number of applications received in the Ministry of Works and Housing for grant of house building advances, allotment of Government accommodation on *ad-hoc* basis/out of turn basis and for allotment of quarters out of special quota placed at the disposal of the Departments concerned, during October, November and December, 1975 and January, 1976, respectively;

(c) the number of cases which have been finalised and intimation to that effect has been sent to the Departments concerned;

(d) the number of cases in which a decision has not so far been taken and the reasons therefor; and

(e) what steps Government propose to take to minimise delay in disposal of such cases in the Ministry?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI H. K. L. BHAGAT) : (a) to (e) A statement containing the required information is laid on the Table of the House.

Statement

(a) No specific complaint has been received about delay in disposal. However, applications for House Building Advance or for *ad hoc* or out-of-turn allotment of accommodation are individual matters in which the individuals being interested keep on making enquiries, either directly or indirectly through someone else, to expedite disposal of their applications. Sometimes, a large number of applications are received at a time, and some have to wait while the others are under process or scrutiny. Sometimes the applications do not contain all the relevant particulars and these have to be returned or clarifications/ information sought. However, applications have generally been disposed of expeditiously and no specific complaints of uncalled for delays have come to the notice of the Government.

(b) and (c) Regarding House Building Advance, fresh applications were not entertained from 7th November, 1975 to February, 1976, because it was found that the applications already in hand and those already sanctioned were likely to be disposed of.

the entire amount provided in the year's budget. However, the number of applications received in October-November, 1975 was 986. All these have already been disposed of.

As for the requests for *ad hoc*/out-of-turn allotment of houses, 540 applications were received during the period October, 1975 to January, 1976; and of these 437 were disposed of and 103 are pending.

(d) The question does not arise in so far as applications for grant of house building advance are concerned. However, the number of cases relating to allotment of Government accommodation pending as on the 20th March, 1976 is 103. The reasons for non-disposal of these cases are as follows : —

(i) The applicants do not furnish full details.

(ii) In some cases, it becomes necessary to have full opinion of doctors *i.e.*, whether tuberculosis is an infection and in active stage or; the extent of incapability in cases of injury etc.

(iii) Cases are sanctioned by a Committee which normally meets once a month.

(e) The question does not arise.
