

(b) whether it is a fact that the said variety of fish is in heavy demand in foreign countries; and

(c) if so, whether Government are considering any proposal to augment fishing in the deep sea around the Islands for earning foreign exchange?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE AND IRRIGATION (SHRI ANNASAHEB P. SHINDE): (a) to (c) A statement is laid on the Table of the Sabha.

Statement

(a) Reliable data on the abundance of 'Tuna' fish in the seas around the Andaman and Nicobar Islands are not available. However, there are indications from available experts that significant quantities of tuna and tuna like fishes occur in the region. Currently exploited tuna fishery of the region amounts to an average annual catch of 10 tonnes which represents about 1% of the total fish catch of the area. However, studies carried out on the biological productivity of the Andaman seas and the estimation of fishery resources on this basis, indicate the existence of potentially rich fishery resources including the tunas.

(b) Yes, Sir.

(c) Proposals for development of fishery industries, including tuna industry around Andaman Islands are under active consideration of Government.
