Granting of COB licences

♦780. SHRI MAHAVIR TYAGI: Will the Minister of INDUSTRY AND CIVIL SUPPLIES be pleased to state:

(a) the preconditions laid down for granting COB licence, or diversifications on each notification issued so far;

(b) how many applications for COB licences were received during the last three years, and how many are pending on-date;

(c) whether Government propose to grant COB licences even to those companies who have been flouting industrial rules and regulations; and

(d) if so, what are the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY AND CIVIL SUPPLIES (SHRI B. P. MAURYA): (a) to (d). A statement is laid on the Table of the House.

Statement

(a) to (d). On withdrawal of exemptions from industrial licensing, the industrial undertakings which had set up capacities or taken effective steps therefor, without a licence, during the period of exemption, that is, prior to the date of withdrawal of the exemption, are required to obtain licences, within the specified time, for carrying on the business of the undertaking.

Government of India have issued a number of notifications relating to diversification of industries. The latest notification is the one dated 16th February, 1973, according to which diversification into new lines of manufacture is permitted without obtaining a licence on fulfilling certain conditions relating to investment in land, building and machinery, the status of the entrepreneur, foreign exchange limits etc.

COB licences are granted to those industrial undertakings which have set up capacities or taken effective steps therefor, when the provisions of the Industries (Development and Regulation) Act were not applicable to them but became applicable later.
