Copy of Memorandum No. EjP-344/4172, dated 5th July, 1971 from the Director of Employment and Craftsmen Training, Assam. ShUlong to the Assistant Employment officer. District Employment Exchange, Bangaigaon-

Subject —Registration of Employment Exchanges.

Reference .— Your letter No. RS-2/71/2023, dated 30-4-1971.

Government instructions regarding registration of person in an Employment Exchange in Assam is that if a person's permanent address is not within the State, he should not be registered by the Exchange. Merely the fact that an applicant is residing with their relatives within the jurisdiction of an Exchange and production of certificate to that effect from Chairman, Town Committee or Gaon Panchayat etc. will not establish his claim for registration at an Employment Exchange in Assam. Employment Officers should properly question such applicant and find out to his full satisfaction where his permanent address lies. The Employment Exchange Officer should take upon independent decision by going into the applicants places of residence for about 20/25 years.

There may be genuine cases when an applicant, who is a permanent indigenous resident of Assam, has been educated outside

Attain . He should obviously be considered as resident of Assam, should be registered, submitted etc.

Taking into consideration all the aspects of the question it is not necessary or easy to define a permanent resident of the State in clear terms. Yet, it should not be difficult for any average intelligent person to find out who is a resident and who is not. Our officers are expected to sift all materials put forth by the applicant and find out a real resident for registration.

The responsibility entrusted on us is very high and not a single mistake must in any case be made by our officer/officers in finding out the real resident of the State for registration. If any mistake is made, the officer and for that matter the entire position shall have to answer for the default. It is, therefore, again impressed on you to take all steps so that no mistake is made in this regard.
