**Brahmaputra floods**

\*114. SHRI NABIN CHANDRA BURAGOHAIN:

DR. R. K. CHAKRABARTI:

SHRI N. P. CHAUDHARI:

SHRI I. D. SINGH:

SHRI YOGENDRA SHARMA:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the total loss suffered in respect of crops, cattle, human lives, Government and individual property on account of floods in the Brahmaputra and its tributaries in Assam during the month of June last;

(b) what relief was provided to the affected people; and

(c) what measures have been taken by the Central Government for controlling the Brahmaputra and its tributaries?

**THE MINISTER OF IRRIGATION AND POWER (SHRI K. C. PANT):** (a) to (c) A statement is laid on the Table of the House.

**Statement**

(a) The State Government of Assam have made a rough preliminary assessment of the damage caused by floods and erosion during June and early in July in the rivers of Assam, according to which the damage is as following:—

	Rs.
Damage to crops . . .	191 lakhs
Damage to houses . . .	10.11 lakhs
Damage to public utilities . . .	0.72 lakhs
Cattle lost . . .	165
Human lives lost . . .	8

Separate figures of damage caused by floods in the Brahmaputra and its tributaries and other rivers of Assam have not been reported by the State Government. A detailed assessment of damage caused by floods is possible only after the floods recede completely.

(b) The State Government of Assam made arrangements for shifting the marooned people to safe places and providing food and shelter to the people affected by the floods. An amount of Rs. 4.65 lakhs as gratuitous relief has been sanctioned by the State Government of Assam for this purpose. The State Government have also sanctioned Rs. 50,000 as test relief for providing employment, as necessary, to the flood affected people.

(c) The State Government of Assam is responsible for the planning and implementation of flood control measures in the Brahmaputra and its tributaries. The measures implemented during the plans upto the end of 4th Plan consist of 3,000 kms. of embankments and 44 town protection schemes. These have provided reasonable protection to about 7 lakh hectares of area prone to floods. Such measures are being continued in the vulnerable areas according to the availability of funds. The State Government had also undertaken, before the floods of 1974, construction of 8 retired embankments, 5 anti erosion schemes and raising and strengthening of existing embankments wherever necessary to stabilise the benefits from the works already implemented.
