if necessary by wireless, should be sent to all these places which are a fledged and vulnerable, places, saying that if any incident takes place the officials concerned, those in charge of the police station of the sub-division would be held *prima facie* responsible for dereliction of duty and for not enforcing the law. Then only they will begin to move. The caste elements is operating so much in the higher echelons and, therefore, I think the matter has to be treated on a war footing. It is a war against human conscience, against humanity by a handful of vested interests, the landlords and other elements in the villages, in collusion with some officials, police and otherwise. Therefore, I think the Government should take up the challenge as if on a war footing. We hear about DIR being used against the Railway employees and others. A lecture we heard just now. What about this? Why are these people not being arrested? Why are their properties not being seized? Why are they not being put into prison and given exemplary punishments if necessary, by changing the law?

MR. DEPUTY CHAIRMAN: I think that will do.

SHRI BHUPESH GUPTA: You ask Government whether in this matter they propose to act or issue sermons and dole out platitudes before the Harijans community and other communities.
