SAVINGS OF POSTAL EXPENDITURE

712. **SHRI K. L. N. PRASAD:** Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it is a fact that P&T has Plans to save nearly Rs. 1 crore on postal forms;

(b) if so, what are the details of the scheme; and

(c) by when it is likely to be implemented?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Yes, Sir.

(b) and (c) As annual consumption of paper for printing of P&T forms is substantial, a small Cell consisting of one Asstt. Director-General and one Inspector of Post Offices was created in the P&T Directorate over a year ago to work under the guidance of a Deputy Director-General to review all the P&T forms with a view to effecting economy in the consumption of paper without affecting efficiency. So far, out of 2,125 forms used in the Department, 862 forms have been reviewed in this Cell.

As a result of this review, the Department has been able to estimate an approximate recurring economy of

Rs. 73.22 lakhs annually in paper and printing costs. It has, therefore, been decided to reduce the Budget Estimates for the printing of forms for the year 1973-74 by a similar amount. When review of all the P&T forms is over, it may be possible to save nearly rupees one crore annually on the printing of forms. The findings of this Cell are being put into operation progressively as they are being finalised.
