

percent of the Banks advances to agricultural Sector are overdue and if so, the steps that are being taken by Corporation to recover these debts ?

THE MINISTER OF FINANCE (SHRI Y. B. CHAVAN) : (a) The present financial resources of the Credit Guarantee Corporation of India Ltd. amount to Rs. 245.92 lakhs, as per details given below :

	Rs. in lakhs
(1) Paid-up capital	200.00
(2) Reserves (excluding provisions)	4.09
(c) Gross Incomesince 1.1.72.	41.83
TOTAL 245.92	

(b) The Corporation's accounting year ended on 31st December, 1971. Its gross income for 1971 aggregated Rs. 15.02 lakhs. The net profit after meeting expenses and providing for taxes and depreciation amounted Rs. 4.09 lakhs.

(c) In relation to over-due accounts the Corporation comes into the picture only at a stage when the financial institution concerned invokes the guarantee clause and thus the Corporation does not have comprehensive information regarding over-dues. However, on the basis of the information collected by the Reserve Bank, on June 30, 1971 over-dues in respect of public sector banks' advances to agriculture were roughly 40 percent of the demand. Within this overall picture, the position differed from bank to bank. It is also necessary to point out that over-dues include even casual defaults which may have been cleared subsequently as also defaults on account of natural calamities and other unforeseen circumstances beyond the borrower's control, which may be eligible for rephasing or other adjustments. With a view to ensuring timely recovery and proper utilisation of loans, the banks have been advised to build up the necessary supervisory machinery, and some of the banks have posted technical staff to look after lending and recovery of agricultural advances.
