#### STATEMENT

In accordance with the Central Services (Medical Attendance) Rules, 1944 and orders issued thereunder, the amounts due to Gazetted Officers on account of reimbursement of medical expenses incurred on their own treatment and the treatment of members of their family are to be drawn by them on Salary Bills, and those due to non-gazetted Government servants on the establishment pay bills and paid over to them. Drawing of charges on account of medical attendance and treatment is debitable, under the existing rules, to the subhead "Allowances and Honoraria" in Salary and Establishment pay bills which is controlled by the respective Heads of Department/Offices. As there is no separate sub-head for the purpose of debiting exclusively the expenditure on account of medical reimbursement allowed to Government servants, it is not possible to know the exact incidence on this account on the Central Exchequer and for similar reason it is not also possible to give the State-wise details of the amounts paid to Central Government servants on account of reimbursement of medical charges incurred by them.
