

As there is considerable unspent balance in the IV Plan allocation for the development of the coir industry in Kerala, additional assistance at this stage is not possible. In case development schemes for the coir industry require an expenditure in excess of the Rs. 3 crores allocated for coir for the entire Plan period, the State Government is at liberty to make adjustments within the overall outlay of Rs.10.43 crores for Village and Small Industries.

Handloom Industry.—Financial assistance to the State Governments for implementation of Plan Schemes is now being granted by way of block loans and block grants. The Kerala Government have accordingly to find the additional resources required for the development of handloom industry out of the outlay for the Annual Plans of the State and if necessary, by suitable adjustments of the various plan schemes. The Central Government is not giving any financial assistance for the setting up of or running of Handloom Finance Corporations in States. The question of modification of the Reserve Bank of India's Scheme of Handloom Finance, so as to enable Handloom Cooperatives to obtain Working Capital finance through the State Bank etc. is under consideration.
