(b) The LIC reduced premium rates under certain without-profit plans of assurances with effect from 1st February, 1970. These reductions were justified by actuarial considerations, but in view of the uncertainty of the trend of future expenses it decided to defer consideration of any revision of premium rates under 'with-profit plans' till such time as expenses have stabilised, particularly because equity to policyholders under the with-profit plans can be ensured through the mechanism of bonus distribution.

Recently, the LIC revived the premium rates under "one Year Renewable Group Term Assurance Plan" and "level-Premium Group Term Assurance Plan" and has decided to reduce the premium rates under these plans with effect from 1st June, 1971.

(c) The number of pending claims on 30-4-1971 is :—
