

ANDHRA PRADESH SUGARCANE GROWER'S DEPUTATION TO MINISTER

*644. SHRI L. K. N. PRASAD : Will the Minister of FOOD AND AGRICULTURE be pleased to state :

(a) whether it is a fact that a deputation of sugarcane growers of Andhra Pradesh had met him in September, 1970 and had urged for a minimum cane price of Rs. 100 per tone for the 1970-71 season ;

(b) if so, whether the Union Government have considered their views in support of the proposal ;

(c) if so, how far Government have agreed to accept their suggestion; and

(d) if not, what are the reasons thereof?

THE MINISTER OF STATE IN THE MINISTRY OF FOOD, AGRICULTURE, COMMUNITY DEVELOPMENT AND COOPERATION (SHRI ANNASAHAB SHINDE) :
(a) and (b) Yes, Sir.

(c) It has not been possible for Government to accept their suggestion.

(d) Increase in the minimum price of sugarcane would have disturbed the intra-crop parities of prices and increased the acreage under sugarcane cultivation at the cost of other essential crops. It would also have created a problem of the economic utilization of the sugarcane crop. (The Agriculture Price Commission has also examined this and recommended that minimum price should not be increased). Higher prices of sugarcane paid during 1967-68 and 1968-69 had lead to surplus production of sugarcane in 1969-70 which created difficulties for the growers in disposal and resulted in reduced realisations due to fall in price of gur. Increase in sugarcane price would have continued or aggravated these difficulties. It would have also affected prices of other competing crops and commodities in general.
