

INCREASE IN POSTAGE FOR INLAND LETTERS

214. DR. BHAI MAHAVIR :

SHRI LAL K. ADVANI :

SHRI PRANAB KUMAR
MUKHERJEE :

Will the Minister of INFORMATION AND BROADCASTING AND COMMUNICATIONS be pleased to state :

(a) whether the Economy Committee of the Post and Telegraphs Heads of Circles has recommended that post cards may not be carried by air and that the postage for inland letters be increased by 5 paise;

(b) if so, whether Government have taken any decision thereon; and the reasons behind proposals; and

(c) the percentage of present post card traffic carried by All-up Airmail service ?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING AND IN THE DEPARTMENT OF COMMUNICATIONS (PROF. SHER SINGH) : (a) Yes, Sir.

(b) The recommendations are currently under the examination of the P & T. Board. The reasons in support of these proposals are as under :—

(i) The post card at present is a losing service. Though the post card and book post rates are very nearly the same, the former only is given air transmission.

(ii) The post card is used by the poorer section of the community for communication within a State and normally no benefit accrues for transmission inside the State by the offer of air transmission for all 1st class mails.

(iii) The difference between the postage for letter and postage for inland letter card was not considered justifiable as the inland letter card provides secrecy and adequate writing space and does not entail additional expenditure in writing paper. The Committee, therefore felt that postage for inland card may be increased to that of letters.
