814. SHRI THILLAI VILLALAN :

SHRI KANCHI KALYANA-SUNDARAM :

SHRI T. K. SRINIVASAN :

Will the Minister of RAILWAYS be pleased to state :

(a) whether it is a fact that the wireless operators in the Southern Railway are being made to work on teleprinters from the 17th November, 1969, although such duties do not form part of the normal duties of the wireless operators in 111 other zonal railways;

(b) whether it is also a fact that the wireless operators in the Southern Railway are also deployed for working on micro-wave teleprinters since they can work on land-line telegraphy, high frequency wireless etc. whereas the signallers cannot be called upon to work on wireless; and

(c) if so, what are the reasons for not granting special pay to the wireless operators working on teleprinters while special pay has been granted to several other categories in higher grades in that Railway?

THE MINISTER OF RAILWAYS (SHRI GILZARILAL NANDA) : (a) and (b) Normally, the Wireless Operators are working either on Wireless or on Teleprinting work in rotation

on Southern Railway. The position on the other Railways is being ascertained and the information will be laid on the Table of the House.

(c) No special pay has been granted to wireless operators working on Teleprinter work for the reasons that:—

(i) the scale of pay of Rs. 150-300 applicable to Wireless operators is higher than the scale of pay of Rs. 110-200 plus special pay of Rs. 15 P.M. applicable to Signallers working as Teleprinter Operators; and

(ii) on introduction of Micro-wave system on Southern Railway, Wireless Operators were rendered surplus, but they are, however, utilised on Teleprinting work, giving them full protection of the higher scale of Rs. 150-300 which they were enjoying before.
