

(ख) सरकार का ऐसा कोई निदेश देने का विचार नहीं है, जिसके मुख्य कारण ये हैं :

(1) राष्ट्रीयकृत बैंक पहले से ही, कृषि-प्रयोजनों के लिये अधिकाधिक ऋण, व्याज की उन दरों पर उपलब्ध कर रहे हैं, जो उन दरों से बहुत नीची हैं जिन पर गैर-संस्थात्मक स्रोतों से ऐसा ऋण प्राप्त हो सकता है।

(2) इन बैंकों द्वारा कृषि प्रयोजनों के लिये ऋण देने के लिये शुरू की गयी नयी योजनाओं के अन्तर्गत इन ऋणों की संचालन-लागत (आपरेशन कास्ट) के बढ़ जाने की सम्भावना है, लेकिन चूँकि कृषि एक प्राथमिकता प्राप्त क्षेत्र है इसलिए इन बैंकों द्वारा कृषि ऋणों के व्याज की दरें काफी नीची रखी गयी हैं।

(3) इन बैंकों द्वारा कृषि-ऋणों पर लिये जाने वाले व्याज की दरें, सहकारी बैंकों द्वारा इन प्रयोजनाओं के लिये दिये जाने वाले ऋणों के व्याज की दरों से ऊँची नहीं है।

†[THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI P. C. SETHI): (a) Comparative figures of outstandings as at the end of June and December, 1969 in respect of the advances made by each of the nationalized banks to the farmers for tractors, tubewells, seeds and other inputs, to the road transport operators (including taxi owners and tempo-owners) and to small-scale industries, are given separately in the Statement [See Appendix LXXI, Annexures No. 32 to 34.]

(b) Government do not propose to give any such directive for the following main reasons:

(i) The nationalised banks are already making available increasing amount of credit for agricultural purposes at rates considerably lower than those at which such credit could be available from non-institutional sources.

(ii) Under the new schemes of credit put into operation by these banks for agricultural purposes, the operational costs of such loans

are likely to go up; but agriculture being one of the priority sectors, a reasonably low rate of interest on agricultural loans is being charged by these banks.

(iii) The rates charged by these banks on agricultural loans also compare favourably with those charged by the cooperative banks for such purposes.]
