

[Shri Surendra Pal Singh.]

So in political life these things are very common and natural and we should take them as such.

Now, the only distinction which we make between the Radio Peace and Progress and the B.B.C. is that while the Radio Peace and Progress is making commentaries about our political life, the B.B.C. and their T.V. films are attacking our cultural life. That has hurt our feelings. There is no comparison between the two. This kind of thing is very undesirable.
