

(b) if, so, what steps have been taken by Government to ensure the supply of drink-
Janakpuri Colony, Delhi, where about 1
,000 more residential Bats are to be cons-
meted in the near future?]

**स्वास्थ्य तथा परिवार नियोजन और निर्माण,
आवास और नगर-विकास मंत्रालय में राज्य मंत्री
(श्री परिमल घोष) :** (क) दिल्ली नगर
निगम, जनकपुरी कालोनी के ब्लॉक 'ए' और 'बी'
में 15,000 गैलन पीने का पानी सप्लाई कर रही
है। पश्चिम दिल्ली की कालोनियों में पानी की सामान्य
कमी को देखते हुए, पानी की सप्लाई की कमी को पूरा
करने के लिए दिल्ली विकास प्राधिकरण द्वारा दो नल-
कूप भी लगाये गये थे। हाल ही में, एक नल-कूप में
पानी कुछ खारा हो गया और इसलिए इसे बन्द कर दिया
गया है। क्लिंटन, निगम पीने के पानी की सप्लाई
में वृद्धि करने की स्थिति में नहीं है।

(ख) दिल्ली विकास प्राधिकरण का इस कालोनी
में 5,400 अतिरिक्त फ्लैट निर्माण करने का प्रस्ताव
है। दिल्ली नगर निगम, बजौराबाद से राजौरी गार्डन
तक एक बड़ी पाईप बिछा रही है। कार्य के मार्च, 1971
तक पूरा होने की आशा है। इसके पूरा होने पर, जनक-
पुरी कालोनी के लिए और अधिक पानी उपलब्ध हो
जाएगा।

†[THE Jvll IISTER OF STATE IN THE
MINISTRY (IF HEALTH AND FAMILY
PI ANNING AND WORKS, HOUSING
AND URBAN DEVELOPMENT (SHRI
PARI MAI. GHOSH) : (a) The Municipal
C -rporation of Delhi are supplying 15,000
gallons of drinking water to Blocks 'A' and
'B' in Janakpuri Colony. In view of he
general shortage of water in West Delhi
Colonies, two tube-wells were also si lk by
the Delhi Development Authority to
supplement the water supply. Recently, w
iter in one of the tube-well' lias turned
slightly brackish and hence , been jhut
down. The Corporation is not in a wsition
at present to increase the supply c ' drinking
water.

(b) The >elhi Development Authority pro

bad to Rajouri Garden. The work is ex-
pected to be completed by March, 1971. On
its completion, more water will become
available for Janakpuri Colony.]

SURVEY OF IRON ORE AND MANGANESE IN ORISSA

851. SHRI BANKA BEHARY DAS :
Will the Minister of PETROLEUM AND
CHEMICALS AND MINES AND ME-
TALS be pleased to state :

(a) whether any survey has been mads to
assess potentiality of iron ore and man-
ganese ore deposits in Malangatoli area of
Orissa;

(b) whether the National Mineral De-
velopment Corporation is undertaking any
project in this area for production of iron
ore; and

(c) if so, what is the progress in this
matter ?

THE MINISTER OF STATE IN THE
MINISTRY OF PETROLEUM AND
CHEMICALS AND MINES AND ME-
TALS (SHRI NITI RAJ SINGH CHAU-
DHARY) : (a) Geological Survey of India
have recently investigated into the poten-
tiality of the iron ore deposits in the Malang-
toli area, Sundargarh-Keonjhar districts in
Orissa and have established teserves of
609 million tonnes of iron ore of which 165
million tonnes may be lump ore with 63.8
percent iron, in the Pipokri-Sirkagutu-a'-ea
of the Malangloli area. No investigations have
been conducted for assessing the potentiality
of manganese ore deposits in this area since
there is no knowledge of any deposits in
the area. However regional assessment of
the potentiality of manganese ore
deposit in the Jamda-Koirā Valley
adjoining Malang-toli area is in progress by
the Geological Survey of India from the J
968-69 field season.

(b) and (c) The mattei is under con-
sideration.

STEPS TO CONTAIN PRICE

852. SHRI CHITTA BASU : Will the
Minister of FINANCE be pleased to stale :

(a) whether L is a fact that Dr. Gadgii,
Dpputy Chairman of the Planning Commi-
ssion, remarkjd at a Press Conference on
May 1S. la t, that if the prices could not be
contained, then something "more effective"
would have to be done;
