As stated in the House, in reply to Unstarred Question No. 314 on 24th July 1969, Governments' views regarding arms supplies to Pakistan have been brought to the notice of all friendly governments through diplomatic channels.

(d) and (e) As indicated in the Annual Reports of the Ministry, several measures have been taken to reorganise our armed forces by reducing the administrative tail and improving its fire-power and mobility. This increase in the teeth to tail ratio has been achieved without exceeding the authorised manpower ceiling and cannot be construed as a reduction in our military strength.
