September, 1968	14
October, 1968	13
November, 1968	7

January, 1969	4

(c) The running of 19 Up Mithila Express is affected by a variety of factors, especially, frequent alarm chain pulling, theft of telecommunication fittings and overhead traction equipment etc. The punctuality of this train has improved during the last 3 months and efforts are being made to achieve a further improvement.
