

issue price of coarse rice which also includes A.P. coarse rice supplied from the central stocks to Kerala as also to other State Governments is Rs. 96.00 per quintal inclusive of gunny.

(b) No, Sir. The issue price of coarse rice at Rs. 96.00 per quintal is based upon the pooled economic cost of this rice procured indigenously from the various States and does not contain any element of profit. This pooling of economic cost of coarse rice does not include the high priced imported coarse rice which is also being supplied at the same issue price of Rs. 96.00 per quintal from the central stocks. There is thus no question of finding funds as profits from the sale of coarse rice for procuring fine or superfine rice from the North Indian States.
