THE MINISTER OF TOURISM AND CIVIL AVIATION (DR. KARAN SINGH) : (a) to (d) It is not a fact that the Indian Airlines is suffering a huge loss on account of large number of vacant seats in its planes. While it is not possible to give the position of each sector, the overall seat occupancy achieved by the Indian Airlines during the current year has been as high as 70 per cent which is indicative of shortage of capacity and not excess of it. On some inter regional sectors, seats may have to be kept vacant for groups of tourists emplaning from an intermediate point. n _ r i « pc/fift

The Indian Airlines is in the process of replacing its Dakotas by HS-748 and a proposal to buy larger and more modern aircraft is currently under Government's consideration. Besides this, the Indian Airlines is considering introduction of special promotional fares on some sectors.
