JSUPPLY OF PESTICIDES EMULSION TO FARMERS

344. SARDAR NARINDAR SINGH BRAR : Will the Minister of FOOD AND AGRICULTURE be pleased to state :

(a) whether the pesticide emulsion sup-

plied to farmers to spray their fields is tested or supervised by the Government of India ; and

(b) if not, who is responsible for the supply of impure pesticide and the damage caused by improper emulsion or due to some other fault of the pesticide supplied to the farmers ?

THE MINISTER OF STATE IN THE MINISTRY OF FOOD, AGRICULTURE, COMMUNITY DEVELOPMENT AND COOPERATION (SHRI ANNASAHEB SHINDE) : (a) Pesticides in emulsion and other formulations are tested for their specifications by the Indian Standards Institution under the voluntary certification mark scheme at present. The Insecticide Act, 1968 which has recently been enacted envisages the setting up of an Insecticide Board, a registration committee and an Inspectorate. After the regulations under this Act have been framed, it would be possible for the Government of India to undertake on-the-spot checking of pesticides and their formulations.

(b) The Indian Standards Institution gives third party guarantee about the purity of the contents of the packages bearing ISI Certification Mark and the farmers are advised to purchase pesticides and formulations bearing the ISI Certification Mark. If any farmer prefers to purchase materials not marked under the ISI scheme and the same are found to be substandard and impure, the responsibility naturally is of the farmer himself. It is hoped that the implementation of the provisions of the Insecticides Act, 1968 would go a long way in eliminating sale of substandard and impure materials.
