

each of the major ports in the next eight weeks and the steps taken to ensure speedy and regular unloading?

THE MINISTER OF STATE IN THE MINISTRY OF FOOD, AGRICULTURE, COMMUNITY DEVELOPMENT AND COOPERATION (SHRI ANNASAHEB SHINDE): (a) and (b) Owing to the closure of the Suez Canal and consequent re-routing of a number of vessels carrying foodgrains via the Cape of Good Hope, the arrivals during July were unduly heavy. There was, however, no disruption in unloading apart from the operational difficulties caused due to the monsoons. A number of steps were taken to ensure that grain-handling was increased as far as possible including increased berthing and discharge facilities, greater overside and mid-stream discharge of grain and maximum use of ports where foodgrain vessels could be handled even during the monsoons. No difficulty is anticipated in handling the quantities likely to be received in August. A Statement is laid on the Table of the Sabha showing the expected week-wise arrivals of food shipments at each of the ports during the month of August, 1967. [See Appendix LXI, Annexure No. 4]. Such information about the arrivals during the month of September, 1967 is not fully available as yet.
