#### STATEMENT

The percentage of vacancies in the promotion of the Delhi, Himachal Pradesh and Andaman and Nicobar Islands Civil Service has been reduced from 50 to 33-1/3 with effect from 1st January, 1967.

The Government of Himachal Pradesh had not agreed to the reduction of vacancies in the promotion quota of the Service as they considered that it would adversely affect the interest of local officers.

While furnishing their views about the proposed reduction of vacancies in the promotion quota of the Service the Government of Himachal Pradesh also stated that there had been a strong feeling that the Joint Services Cadres were proving prejudicial to the interest of the residents of Himachal Pradesh.

The percentage of vacancies in the promotion quota of the Delhi, Himachal Pradesh and Andaman and Nicobar Islands Civil Service was reduced with the objective of building of the cohesive cadre and improving the quality of the service. The concurrence of the Union Public Service Commission was also obtained in the proposed reduction of vacancies in the promotion quota of the Service.

The decision of the Government of India to form joint cadres for Delhi and Himachal Pradesh and other all-India and Central Service cadres was taken after very careful consideration and the experience of the working of the cadres so far seems to justify the grounds which led to that decision.
