

have today gone to the High Court, and immediately again they would further go and ask for stay order. So why create this difficulty? If we find ultimately that they are simply using these dilatory tactics—it is only two days Or so since this has been taken up—if it is found that they are not doing anything, then certainly all the available steps will be taken.

SHRI RAJNARAIN: There should be a time-limit also.

SHRI P. K. KUMARAN: The Wane Board has been appointed with the consent of the employers and the employers participate in the proceeding? of the Wage Board, and the Wage Board make certain recommendations. And then the employers perhaps select one among themselves either to violate the recommendations or not implement the recommendations, and the Government is either not willing, or is not in a position to enforce the recommendations. When that is the case, what is the purpose of appointing such Wage Boards? May I take it from the Minister that it is time that we advise the workers to boycott these wage boards?

SHRI JAISUKHLAL -HATHI: As far as the question of time is concerned, the management have already been told that the recommendations of the Wage Board have to be implemented more so because this is a non-statutory institution and it is only by agreement between the employers and the employees that the wage boards are instituted, and if they do not implement them, then the whole machinery becomes useless. Therefore, I have told them that this has to be implemented and we shall see that the recommendations are implemented—I am only trying to settle it. If it is not done, then we shall do it.
