SHRI KAMARAJ'S STATEMENT ABOUT
GOVERNMENT LOANS

115. SHRI MULKA GOVINDA REDDY : Will the Minister of FINANCE be pleased to state :

(a) whether Government's attention has been drawn to the statement made by Shri K. Kamaraj Nadar that while the big landlords availed Government loans, the small landholders remained neglected very badly, and that the scope that credit system provided for the landlord to benefit was the greatest flaw in planning; and

(b) if so, what is Government's reaction thereto ?

THE MINISTER OF FINANCE (SHRI SACHINDRA CHAUDHURI) : (a) A copy of the statement has been received by, or forwarded to, Government, but the difficulties experienced by the smaller landholders have been brought to Government's notice from time to time.

(b) It is intended that loans for financing seasonal agricultural operations should, as a matter of policy, be granted with reference to the actual anticipated expenditure on cultivation. The rules as regards title deeds and securities, which are required to be furnished by the cultivators, are being liberalised or waived, in order to provide for these essential requirements. The Reserve Bank, in consultation with Government, has prepared a crop loan manual for the guidance of the State Governments and the cooperative banks concerned; and it is expected with the progressive implementation of the new policy, the smaller landlords and cultivators will be in a position to obtain credit, to the extent necessary.
