THI: DEPUTY MINISTER IN THE MINISTRY OF FOOD, AGRICULTURE, COMMUNITY DEVELOPMENT AND COOPERATION (SHRI S. D. MISRA) : (a) and (b) During the first eleven months of 1965 prices of edible oils rose due to the general inflationary trend in the economy. A proposal for import of a further quantity of 150,000 tonnes of soyabean oil from U.S.A. under P.L. 480 during 1966 (over and above 70,000 tonnes imported during 1965) for use in the manufacture of Vanaspati and Refined Oil is under consideration of the Government of India.

(i) Consumer co-operatives should be attached to wholesale co-operative stores for the purpose of drawing supplies and not to private wholesalers. Exceptions may be made where in view of the distance involved a particular co-operative store prefers to draw its supplies from a nearer private wholesaler; and

(ii) Issue of rationed commodities to consumer co-operatives from Government stocks may be made on a consignment basis.

State Governments are, however, to exercise discretion in this matter, if there are other considerations suggesting an alternative course.
