

**DR. RAJENDRA PRASAD MEMORIAL**

**342. SHRI SITARAM JAIPURIA:** Will the PRIME MINISTER be pleased to state whether there is any proposal under Government's consideration to raise a memorial in the memory of the late President Dr. Rajendra Prasad, and if so, what are the details of the proposal?

THE PRIME MINISTER (SHRI LAL BAHADUR): A Society known as the Rajendra Memorial Research Society for Medical Sciences has been registered in Bihar for commemorating the life and work of the late Dr. Rajendra Prasad. The ultimate aim of this Society is to establish an All India Institute of Medical Research estimated to cost Rs. 2 crores. Small beginnings in this direction have already been made by setting up the Research Institute for Chest Diseases at Patna.

Some prominent members of the public of Bihar have also set up a society known as the Rajendra Smriti Samiti, Patna. The Sadaquat Ashram building, in which Dr. Rajendra Prasad breathed his last, is maintained by this Samiti, and a museum containing his personal articles and things connected with his life has been set up there. All his works, including letters and speeches, are also being collected. A children's educative park is to be laid in the compound with a big sized globe showing places visited by Dr. Rajendra Prasad.

**BELGRADE CONFERENCE OF NON-ALIGNED COUNTRIES**

**343. SHRI M. C. SHAH:** Will the Minister of EXTERNAL AFFAIRS be pleased to state whether it has been possible for Government to assess as to how far the resolutions passed by the Conference of Non-aligned Countries which met at Belgrade in September, 1961, have been implemented?

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI DINESH SINGH): The Declara-

tions of the Belgrade Conference represent a consensus of opinion on various issues and are guiding principles rather than specific steps to be taken by participating countries. It is, therefore, difficult to make a precise assessment of the extent to which the resolutions of the Belgrade Declaration have been implemented.

Subsequent developments following the Belgrade Conference have confirmed the correctness of the appraisals of the international situation made by the participants, and their conviction that in the nuclear era, the basic problems of the world must be settled by peaceful means.

Within the U.N. organisation, and outside it, the non-aligned countries have helped in promoting peaceful approaches and reducing tensions. By way of example the United Nations Conference on Trade and Development which was held in Geneva this year was a result of initiatives taken at the Belgrade Conference. The participation of eight non-aligned nations in the Geneva Disarmament Conference and their efforts in those disarmament talks, can also be related to the Belgrade Conference.

The non-aligned nations have contributed much to accelerating the process of decolonisation. Since the Belgrade Conference, many nations in Africa and elsewhere have attained independence, and none of them has aligned itself to any military pact in the context of the "cold war".
