

persons were running shops in khokha, on road berms in Ramakrishnapuram and were removed in July 1964. Out of them, only two, who had started squatting prior to July 1960, were eligible for alternative accommodation and were allotted shops in Ramakrishnapuram. The rest were ineligible for such allotment.]

INCREASE IN BANK RATE

657. SHRI SITARAM JAIPURIA: Will the Minister of FINANCE be pleased to state:

(a) whether it is a fact that the Reserve Bank of India has raised the (bank rate from 4J per cent to 5 per cent from 1st October, 1964;

(b) if so, whether all other banks have also raised their rates; if so, what will be the effect of this increase on the capital available in the market; and

Ce) whether the Reserve Bank of India has asked the other banks for the reaction of the investors to the Increased rate; if so, what is the reaction?

THE MINISTER OF FINANCE (SHRI T. T. KRISHNAMACHARI): (a) The Reserve Bank of India raised the bank rate from 4½ to 5 per cent, with effect from the close of business on September 25, 1964.

(b) Consequent on the increase in the bank rate, the minimum lending rate under the inter-bank agreement, has been raised by J per cent. The State Bank has also raised its rate on advances by 1 per cent.

It is expected that as a result of the increase in the rates of interest generally, there will be an addition to the deposits and working funds of the banks and that the demand for funds for less essential purposes will be reduced. The effect on the capital market is, therefore, likely to be salutary.

(c) No. The question of ascertaining the reactions of investors, before the bank rate is changed, does not arise.
