STATBMBXT

Main Decisions/Recommendations of the 22nd Session of the Indian Labour Conference (Bangalore)

1. Price *Situation.*—The Conference *discussed* in detail the current price situation and came to the following conclusions;

"Considering the hardship caused by the high prices of essential commodities and recognising the imperative need for ensuring Ihe supply of these c'ommodities to Hie industrial workers at reasonaole prices:

The Indian Labour Conference agrees, in principle, that a Port of

their wages may be rnaae payaoie in kind, if necessary, by legislation. The payment in kind should consist of the supply of rice, wheat or wheat substitutes, sugar, pulses, one or two popular varieties of cl'oth and cooking medium. Government should supply to the employers rice, wheat or wheat substitutes and sugar at controlled prices for distribution to the industrial workers through Fair Price Shops. The employers should distribute th3 other three commodities, namely, textiles, pulses and cooking medium at prices equivalent to the wholesale prices, the cost of distribution being borne by the employers. The Standing Committee on the Industrial Truce Resolution should work out the details of the scheme "

- 2. Setting up of Fair Price Shops.— The Conference reviewed the position concerning the setting up of Fair Price Shops and Consumer Stores. It was considered that the progress in this regard had not been quite satisfactory. Establishments which had not yet set up such stores/fair price shops should do so without further delay. The Chairman concluded that legislation as already agreed to at the meeting of the Standing Labour Committee in December, 1963 was now inevitable.
- S. Linking of D.A. with Consumer Price Index—The Conference reiterated the decision reached at the Standing Committee' on Industrial Truce Resolution that dearness allowance should be suitably linked with the cost of living index.
- 4. Report *of the Bonus Commission.*—The Conference recommended that Government should take a quick decision on the Report of the Bonus Commission.
- 5. Labour Policies and Programmes for the Fourth Plan.—Organisations of workers and employers should send to the Ministry of Labour and Employment and Planning Commission their proposals concerning labour policies

and programmes for consideration for inclusion in the 4th Five Year Plan.

- 6. Voluntary arbitration.—Representatives of the workers referred to voluntary arbitration and pointed out that hesitation on the part of some of the employers still remained. The employers' representatives pointed out that they had been doing their best to persuade their affiliates to accept voluntary arbitration as a means for settlement of industrial disputes. It was explained that difficulties, if any, standing in the way of employers in this regard would be gone into in detail at the next meeting of the Central Implementation and Evaluation Committee.
- 7. The Punjab Industrial Establishments (National and Festival Holidays and casual and sick leave) Bill.—It was agreed that this legislation was a matter for the State Government.
- 8. Introduction of the Pay Roll Savings Scheme.—Employers and Trade Unions should give wider publicity to the Scheme and extend their fullest cooperation to ensure satisfactory working of the Scheme.
- 9. Recognition of category-unse department-wise unions in an establishment/industry under the Code Discipline and the Rights of unrecognised unions.—The concensus of opinion was that the recognition of category-wise/departmentwise unions should not be encouraged. Unions not recognised under the Code of Discipline should, however, have the right to represent individual grievances relating to dismissal and discharge or other disciplinary matters affecting their members. The question of other rights of unrecognised unions was deferred for future consideration.
