2. On the first question, there was disagreement between the Management and the Hattia Project Workers' Union whether the Project Allowance was being paid to them at the rates it should be according to the Government's instructions. The HEC had, therefore, agreed that they would get clarification from the Government on this point. Accordingly, on a reference made by the Corporation, this question was examined by Government and it has been clarified that the HEC is paying the Project Allowance to its employees at the rates; Government intended it to pay and that there is no need for any enhancement.

3. As regards the restoration of house rent allowance in addition to the Project Allowance, a decision is likely to be taken in the next few days.
