

by Parliament. The old single storeyed quarters for staff, which come in the way of approach and circulating area have to be dismantled. Many of these quarters are more than 50 years old and are also substandard and insanitary, and in any case were due for replacement. The employees will be provided with suitable accommodation with modern conveniences elsewhere at the Station. The scheme included in the budget estimates provides for the replacement of the quarters to be dismantled. The quarters under reference will not be dismantled immediately and the work is being phased in such a manner that while the new station building and the yard are being constructed, the old quarters will be dismantled in stages after providing new quarters as indicated above.

The depreciated value of the 88 quarters involved is Rs. 1.38 lakhs and the cost of dismantling is approximately Rs. 15,000.
