

valid for Registered practice in every other State of the country.

This Conference notes with great concern the views of the All India Medical Council "to give all possible encouragement to indigenous and Homoeopathic systems of medicine and to incorporate their contribution of approved value into the modern scientific system of medicine" and asserts that this will not amount to any encouragement to these systems and may prove detrimental to the independent growth and development of Homoeopathy.

The Conference, therefore, urges upon the Government of India to encourage and let Homoeopathy flourish in its own way keeping intact its own methods, techniques, principles and philosophy.

This Conference urges upon the Government of India and all State Governments to provide all rights and privileges to Homoeopathic Practitioners in matters of appointments in Government sponsored medical services, including health and State-Insurance schemes.

INCLUSION OF BHAI SAJHAL AND AGAR-HAP DAMS IN THE FOURTH PLAN

*537. SHRI DAYALDAS KURRE: Will the Minister of IRRIGATION AND POWER be pleased to state whether Government have received any suggestion from the Government of Madhya Pradesh regarding inclusion of the schemes of Bhai sajhal and Agar-Hap dams in Bilaspur District under the Fourth Five Year Plan?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): The Government of Madhya Pradesh have desired that inclusion of Agar-Hap Dam Project in the Fourth Plan may be considered. No such request was received in respect of Bhai sajhal Project

DRAFT CODE REGARDING TRANSMISSION AND DISTRIBUTION SYSTEMS

*539. SHRI NIRANJAN SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Draft Code for safe operation and maintenance of Transmission and Distribution systems which had been circulated to the members of the Central Electricity Board for comments has been returned back to the Ministry; and

(b) if so, the comments thereon?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a) and (b) A statement giving the requisite information is laid on the Table of the House.

STATEMENT

(a) and (b) The Draft Code for safe operation and maintenance of Transmission and Distribution systems prepared by the Central Water and Power Commission, was circulated to the members of the Central Electricity Board, Electrical Inspectors to State Governments, Associations of Electricity Undertakings, major electric supply undertakings, and State Electricity Boards for comments, in April, 1962. In all about 300 comments were received. The comments received related to the general safety precautions to be adopted in the transmission and distribution systems with particular reference to the safety procedures to be followed in the use of the protective equipment and tools storage and handling of equipment; transportation and handling of equipment; and safety practices to be adopted for working in receiving stations, sub-stations and switching stations, and over-head lines. The comments received were considered by a Sub-Committee set up by the Central Electricity Board at its meeting held at Simla on the 21st to 24th May, 1963. In the light of the report of the Sub-committee the Board adopted the

Code, and decided to publish it as a 'model code' The Code is under print, and will be available shortly.

PRODUCTION OF TINCTURES IN INDIA

*540 SHRI DEOKINANDAN NARAYAN: Will the Minister of HEALTH be pleased to state:

(a) the recommendation of the Central Council of Health regarding production of Tinctures in India; and

(b) what is Government's decision on the recommendation?

THE MINISTER OF HEALTH (DR. SUSHILA NAYAR): (a) and (b) The Central Council of Health at its meeting held at Madras from 5th to 8th November, 1963, recommended that Tinctures and extracts required for bona fide medical use should be manufactured only in Government owned factories and Hospital Pharmacies. These recommendations are under consideration in consultation with the Planning Commission.
