#### STATEMENT

Up to the year 1955, there were only two categories of persons holding regular positions in Grade IV of the Central Secretariat Service, viz. (i) those confirmed in Grade IV at the initial constitution and (ii) those included in the first Regular Temporary Establishment List of Assistants. Orders were issued in July 1953 that the persons confirmed in Grade IV at the initial constitution would rank en bloc senior to those included in the Regular Temporary Establishment of Assistants. No modification has been made in these orders to date.

2. Direct recruitment to Grade IV of the Central Secretariat Service commenced from January 1956 onwards on the basis of open competitive examinations held by the Union Public Service Commission in July 1955, and thereafter. Two more Regular Temporary Establishment Lists of Assistants have also since been drawn up. The question of seniority to be assigned to the direct

recruits *vis a vis* the departmental candidates was considered in 1958-59 and it was decided that the two categories should be assigned seniority as follows, namely:—

- (1) Persons appointed to Grade IV at the initial constitution (effective from 1st November, 1951);
- (2) Persons included in the first Regular Temporary Establishment List of Assistants (effective from 1st July, 1952);
- (3) direct recruits of the July 1955 examination according to their order of merit in the examination (joined in January 1956 and thereafter);
- (4) direct recruits of the November 1955 examination according to their order of merit in the examination (joined in June 1956 and thereafter); and
- (5) (i) direct recruits of the July 1957 and the subsequent competitive examination (appointed in April 1958 and thereafter) and (ii) persons included in the Second and subsequent Regular Temporary Establishment Lists of Assistants (effective from 1-1-58 and thereafter in alternate positions).

Both direct recruits of the July 1957 and subsequent competitive examinations, on the one hand, and persons included in the Second and subsequent Regular Temporary Establishment Lists, on the other, were eligible to be confirmed in Grade IV of the Central Secretariat Service against permanent vacancies accruing in this Grade with effect from 1st January, 1958 and thereafter. As vacancies in this Grade are to be allocated for direct recruitment and departmental confirmations in the ratio of 50:50 with effect from 1st January 1958 onwards, it was decided to assign alternate positions in the Seniority List to the persons belonging to the two

categories, *i.e.*, according to the roster of vacancies allotted for direct recruitment and departmental confirmation. This is in accordance with the general principle adopted for regulating the relative seniority of direct recruits and the departmental candidates, and does not, therefore, call for any notification.

THE MINISTER OF EDUCATION (DR. K. L. SHRIMALI): (a) and (b) The University Grants Commission does not sanction the establishment of

new Universities. However, arising out of the requests received from the State Governments, the Commission considered it desirable to appoint a Committee to examine the question of the establishment of new Universities during the Third Plan period and to suggest the broad outlines of a plan for the next few years after reviewing the proposals received from State Governments, the needs for higher education and the resources likely to be available for the purpose. The Committee, which was appointed in September, 1961, in its interim report, stated that if the recommendations made by it were generally accepted, then during the Third Plan period, there may be six federal/unitary-Universities—one each in Madhya Pradesh, Rajasthan, Maharashtra, Mysore, Andhra Pradesh and Madras.

A final decision regarding the number of Universities and the places where these should be established in different States is however to be taken by the State Governments themselves.
