**TARAPUR ATOMIC POWER PROJECT**

\*373. SHRI N. M. LINGAM: Will the PRIME MINISTER be pleased to state:

(a) the progress so far made in the setting up of the first atomic power station at Tarapur; and

(b) whether any preliminary steps have been taken towards the establishment of the second and third atomic power plants?

f[ ] English translation.

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI DINESH SINGH): (a) Global tenders for the construction of a complete atomic power station at Tarapur were invited and seven tenders were received by August 31, 1961, which was the last date for the submission of tenders. Of these seven, one is from Canada, one from France, two from the United Kingdom and three from the United States of America. Their evaluation has been completed, but a final decision regarding the selection of the most suitable tender has not yet been taken.

Meanwhile, preparatory work, such as acquisition of land, construction of access road, arrangements for water supply and power, building temporary offices, etc. has been undertaken and is making good progress. A townslip for housing the staff of the power station is also being planned.

(b) Yes. In pursuance of an authority given to the Department of Atomic Energy by the Planning Commission to select a suitable site for a nuclear power station in the area of Delhi-Punjab-Rajasthan-Uttar Pradesh, a Site Selection Committee of experts has been set up not only for the selection of a suitable site in this area but also in other areas for locating additional nuclear power stations, whenever the need arises. Government have not taken so far the decision to set up any nuclear power station other than the one at Tarapur. They have, however, accepted the Committee's recommendatio

n that the second station when approved, should be located at Rana Pratap Sagar in Rajasthan. The Government of Rajasthan have accepted the conditions laid down by the Government of India for the location of a power station in the State.
