**REPORT OF COMMITTEE ON WATER
SUPPLY AND SANITATION SCHEMES**

53. SHRI KRISHNA CHANDRA: Will the Minister of HEALTH be pleased to state:

(a) whether the Committee constituted by Government to make a comprehensive assessment of the water supply and sanitation schemes, both urban and rural, in all States, has submitted its report; and

(b) if so, what are the important features thereof?

THE MINISTER OF HEALTH (DR. SUSHILA NAYAR); (a) Yes.

(b) The more important recommendations of the National Water Supply and Sanitation Committee stress the need for assessment of the urban and rural problems State-wise by Special Committees set up for the purpose, the setting up of State-wise and region-wise Water and Drainage Boards to finance and implement urban schemes on a self-paying basis, the setting up of independent Public Health Engineering Departments and streamlining of procedures for speeding up action, the stepping up of the production of critical materials required for the programme and the initiation of measures for water resources conservation and water pollution control as specific problems.

**ENACTMENT OF A LAW FOR LAND
ACQUISITION FOR TOWN PLANNING
PURPOSES**

54. SHRI KRISHNA CHANDRA:
Will the Minister of HEALTH be pleased to state:

(a) whether there is any proposal under Government's consideration for introducing new legislation for land acquisition for town planning purposes;

(b) if so, what are the broad features thereof; and

(c) by when the Bill is likely to be introduced in Parliament?

THE MINISTER OF HEALTH (DR. SUSHILA NAYAR); (a) to (c) The Central Regional and Urban Planning Organisation had prepared a draft legislation for acquiring land for town planning purposes for consideration by the 2nd Conference of State Ministers for Town and Country Planning held at Trivandrum in October, 1961. It was decided by the Conference that this draft should be further discussed by Central Regional and Urban Planning Organisation with the Ministry of Food and Agriculture to consider the possibility of incorporating suitable provisions in the comprehensive Draft Bill which that Ministry was preparing to replace the Land Acquisition Act, 1894, instead of having a separate legislation for town planning purposes only. This matter is still under consideration.
