

three main supply presses or stores: the Post and Telegraph Stores at Calcutta, Aligarh and Nasik. There is some shortage at Aligarh and Calcutta. The Nasik Stores is some sort of a complementary store for the time being.

SHRI FARIDUL HAQ ANSARI: May I know whether the hon. Minister is aware that according to a letter published in the "Statesman" of the 3rd February even postal orders are not available in most of the post offices of Calcutta?

SHRI RAJ BAHADUR: I am not quite aware of that particular letter, but it is a fact that there has been some difficulty in the availability of even essential forms. There are essential forms as distinct from non-essential forms, and that might be a fact in regard to postal orders, but that would require investigation.

श्री देवकीनंदन नारायण : क्या मंत्री महोदय यह बताने की कृपा करेंगे कि जबकि फार्म्स की इतनी कमी है और खास कर के छोटे छोटे पोस्ट आफिसों में कमी है तो क्या प्राइवेट प्रिंटिंग प्रेसों से ये फार्म्स नहीं छपवाये जा सकते हैं ?

श्री राज बहादुर : जी हां, इस प्रकार के अधिकार भी दिये गये हैं और जैसा मैंने अभी प्रश्न के पिछले हिस्से में निवेदन किया कि :

The Heads of Circles have also been authorised to make local purchase of paper for printing of forms to meet their two months' requirements in case paper is not forthcoming from Government sources.

SHRI MAHESWAR NAIK: May I know what is the degree of improvement in the position?

SHRI RAJ BAHADUR: It is too early to say anything in regard to the measure or degree of improvement, but progress is being sought to be maintained.

SHRI FARIDUL HAQ ANSARI: May I know how long it will take to have full supply of these forms from the stores?

SHRI RAJ BAHADUR: That depends on the availability of paper to the printing presses.

SHRI B. K. P. SINHA: May I know if Government received any prior information from the postal authorities at these centres that in a short time the forms were going to be exhausted there? Is there any system to keep Government informed beforehand of these unexpected developments?

SHRI RAJ BAHADUR: Some sort of information is given. But that is a suggestion for action which will be borne in mind.

SHRIMATI T. NALLAMUTHU RAMAMURTI: What is the matter with the mental health in this country?

SHRI D. P. KARMARKAR: It is sound.

SHRI B. K. P. SINHA: May I know the idea was to have a Mental Health Service as distinct from an All India Health Service? Why was it proposed to have a distinct Mental Health Service?

SHRI D. P. KARMARKAR: That is the question, Sir.

MR. CHAIRMAN: He is asking you, instead of having an All India Health

Service, why did you make this suggestion for an All India Mental Health Service.

SHRI D. P. KARMARKAR: That was really the question why the State Governments differed from that. They consider that it is not worth while.
