FALL IN THE SALE OF KHADI AND ACCUMULATION OF KHADI STOCKS

*35. SHRI BAIRAGI DWIBEDY: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that there has been a steady fall in the sale of khadi in recent months with the result that there has been accumulation of khadi stocks;

(b) if so, what is the total cost of such accumulated khadi stocks and what measures Government are taking for its early disposal; and

(c) whether it has resulted in unemployment in villages?

THE MINISTER OF INDUSTRY (SHRI MANUBHAI SHAH): (a) to (c) A statement containing the required information is laid on the Table of the Sabha.

STATEMENT

(a) and (b) There has been no fall in the sale of Khadi. The sale of Khadi has not, however, kept pace with its increasing production and this has resulted sometimes in the accumulation of Khadi stocks. The total value of accumulated stocks of Khadi is estimated to be about Rs. 5 crores. The Khadi and Village Industries Commission sanctioned an additional rebate of 6 nP. in a rupee on the sale of cotton Khadi during the period 11th September to 14th November, 1960, with a view to clear accumulated stocks of Khadi. This has enabled the Commission to clear most of the accumulated stocks.

Besides this, the Khadi institutions and the Commission have undertaken an intensive drive for the sales of Khadi and also improve and standardise the quality of Khadi production.

(c) No, Sir, as production centres have not been much affected.
