SHORTFALL IN COTTON PRODUCTION

*461. SHRI MAHESWAR NAIK: Will the Minister of FOOD AND AGRICULTURE be pleased to state:

(a) what are the reasons for the shortfall in the production of cotton as compared to the Plan targets; and

(b) whether Government are taking any effective steps to bridge the gap between the actual production and the Plan targets?

THE MINISTER OF AGRICULTURE (DR. P. S. DESHMUKH): (a) and (b). A statement giving the information required is laid on the Table of the House.

STATEMENT

(a) The shortfall in production of cotton was chiefly due to adverse seasonal conditions experienced during the last three seasons. The short supply of fertilizers, lack of irrigation facilities, paucity in supplies of pesticides and equipments were the other contributory factors in the non-achievement of the targets of cotton production.

(b) Yes. It is intended to intensify work on Cotton Extension by making increased facilities available to the farmers by supplying more fertilizers, pesticides and irrigation. It is also intended to increase cotton production by introducing cotton in the rice fallows of Daltai areas in the States of Madras, Orissa, Andhra Pradesh and Mysore. With the completion of the Rajasthan Canal, a large area will also be available for cotton in Rajasthan.
