DR D H VARIAVA: Has the Indian Government made any representation in this regard to compensate these people or to stop them from being ejected?

SHRIMATI LAKSHMI MENON: The Indian Government has brought this before the international forum by means of Resolutions in the United Nations General Assembly from time to time but unfortunately the South African Government does not pay any heed to them.

DR. D. H. VARIAVA: Was this question brought before the United Nations General Assembly by the Indian Government?

†[CRACKS IN THE MAHATMA GANDHI SAMADHI PLATFORM AT RAJGHAT

\*355 SHRI NAWAB SINGH CHAUHAN Will the Minister of WORKS, HOUSING AND SUPPLY be pleased to state:

(a) whether it is a fact that many cracks have appeared in the cemented platform of Mahatma Gandhi's Samadhi at Rajghat, Delhi.

(b) if so, what are the reasons therefor; and

(c) whether any improvement has been made there, if not, why not?]

THE MINISTER OF WORKS, HOUSING AND SUPPLY (SHRI K C. REDDY) (a) Yes Sir. Some hair cracks unfortunately have appeared

(b) These have been reported to be due to the surface being exposed to local weather and climatic conditions.

(c) Grouting was resorted to without any appreciable improvement to the surface. The question of filling the cracks on a satisfactory basis, is under examination. This will however, be a short term remedy and action is, therefore, being taken to bring about a permanent improvement in this respect in accordance with the design approved for the Samadhi as a whole.

काम दे सकता है इसलिये समाधि के वास्ते मंजूर की गई डिजाइन के अनुसार स्थायी •सुधार की कार्यवाही की जा रही है ।]

**श्री नवाबसिंह चौहान :** क्या यह क्रैक्स का सवाल भी ग्रन्डर कांस्ट्रिक्शन ज्यादा समय तक रहने का कोई सवाल है ? क्या सरकार यह जरूरी नहीं समझती कि जहां विदेशों से रोजाना आदमी आते रहते हैं वहां ऐसी छोटी छोटी मरम्मत करा दी जायें ?

**SHRI K. C. REDDY:** The technical aspect is not so simple as the hon. Member imagines. That is why the difficulty. Several technical experts have been consulted about this matter and they say that these small cracks have developed and it is not possible to prevent them satisfactorily. That is why we have taken up the question of improving the surface altogether, going in for granite surface, as recommended by the architect who has given us the revised design. And this we hope to do as an immediate measure.

**श्री नवाबसिंह चौहान :** क्या सरकार ने यह मालूम करने की कोशिश की है कि ये क्रैक्स किस समय से हैं ?

**SHRI K. C. REDDY:** Yes, Sir. They have appeared unfortunately, as I said.

**SHRI JASWANT SINGH:** I would like to know whether these cracks are the result of bad workmanship on the part of the contractors or it is a normal feature in regard to such platforms in the open.

**SHRI K. C. REDDY:** I am given to understand by the technical experts that this is not due to any bad workmanship on the part of the contractor. As the hon. Member mentioned, it is due to some other causes.

**SHRI JASWANT SINGH:** What are these causes?

**SHRI K. C. REDDY:** I have already given it.

**DR. H. N. KUNZRU:** The hon. Minister said that the cracks had appeared on account of exposure of the surface to the weather, but there are plenty of buildings that are exposed to the weather all the year round but cracks do not appear in them. How is it? How is this explanation adequate then?

**MR. CHAIRMAN:** No reply?

**SHRI K. C. REDDY:** The reply is that I will further take up this matter with the technical people who are the competent people to express an opinion on this matter—neither I nor, if I may respectfully say so, Dr. Kunzru.

**SHRI NIRANJAN SINGH:** Is it a technical cracking?

(No reply.)

**SHRI BHUPESH GUPTA:** Philosophical cracks are many.

**SHRI H. P. SAKSENA:** May I know, Sir, how far the main Samadhi building has been constructed, and if not by what date it is expected to be constructed?

**SHRI K. C. REDDY:** There is no proposal to construct a Samadhi building.

**DR. RAGHUBIR SINH:** Is it not true that these cracks appear in all the buildings that are built by the C.P.W.D?

**SHRI K. C. REDDY:** No, Sir. No, Sir. It is not a fact.

**DR. RAGHUBIR SINH:** May I know, Sir, if it is a fact that in such a small construction built by the C.P.W.D. cracks have appeared, while in certain of the buildings in this very City, which have stood for hundreds of years, no cracks have appeared?

**MR. CHAIRMAN:** He rejects emphatically your insinuation.

**DR. RAGHUBIR SINH:** It is a fact. No insinuation.

**SHRI DEOKINANDAN NARAYAN:** May I know, Sir, when the reconstruction of this Samadhi in the new design is going to begin?

**SHRI K. C. REDDY:** After the necessary formalities have been completed, as I have already said in answer to another question that had been tabled on the floor of this House. As I said, the re-doing of the Samadhi platform will not wait for the full implementation of the design as given to us by the architect. This will be taken up independently here and now.

**SHRI PERATH NARAYANAN NAIR:** May I know, Sir, if the Rajghat Samadhi Committee has met even once? If it has not met, may I know the reason why it has not met?

**SHRI K. C. REDDY:** The Samadhi Committee notification is under issue and I would like to tell the House that I have myself become the Chairman of the Samadhi Committee under the new dispensation. I will do everything that is humanly possible in order to see that these things do not happen.

**SHRIMATI SAVITRY DEVI NIGAM:** May I know, Sir, what are the reasons for the cracks noticed in the Reserve Bank building?

**MR. CHAIRMAN:** Reserve Bank? Don't put that question. Next question.
