INDIAN OXYGEN LTD., CALCUTTA

/SHRI Z. A. AHMAD: ^W \ tSHRI BHUPESH GUPTA:

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government's attention has been drawn to certain complaints about the functions and activities of the Indian Oxygen Limited, Calcutta;

(b) whether certain changes have recently taken place in the company following some reference to this company in the Lok Sabha; and

(c) if so, what are the changes?

THE MINISTER OF INDUSTRY (SHRI MANUBHAI SHAH): (a) to (c). A statement is laid on the Table of the House.

STATEMENT

(a) About a week ago, the All India Indian Oxygen and Acetylene Employees' Federation, Calcutta, made certain complaints about the Indian Oxygen Ltd. The matter is under examination.

(b) and (c). As a result of some discussions that the Government had with them, the firm was converted into a public limited company in January, 1958, with its name changed to Indian Oxygen Ltd. from the Indian Oxygen and Acetylene Co., Ltd. It is no longer a wholly foreign subsidiary, as 30 per cent, of the share capital is now held by the Indian public.

SHRI BHUPESH GUPTA: May I know whether this particular concern, the Indian Oxygen Ltd., is a subsidiary of the British Oxygen Ltd.?

SHRI MANUBHAI SHAH: In a sense, it was but now at the instance of the Government, that concern has

tThe question was actually asked on the floor of the House by Shri Bhupesh Gupta.

been converted from a private limited company into a public limited company and 30 per cent, of the shares have been thrown open to Indian hands.

»

SHRI BHUPESH GUPTA: I do not know how the sense has changed now.

May I know whether the Government is aware that the recent prospectus issued by the Company reveals that out of nine Directors, six are British?

SHRI MANUBHAI SHAH: That is true. Three are Indian Directors in the whole Board of Directors. It bears almost the same ratio as the holding of the shares.

SHRI BHUPESH GUPTA: May I know whether it is a fact that the British Restrictive Practices Commission made certain very strong and adverse comments against the parent British Company and also demanded certain action against that company?

SHRI MANUBHAI SHAH: This matter has been raised by the hon. Member several times before and I have given very detailed answers. Although the British Commission against restrictive practices did raise that question and the parent company was under investigation there, as far as the Indian company is concerned, it is completely under our control and the entire price structure is regulated by us.

SHRI BHUPESH GUPTA: May I know whether Government is aware of the fact that even in the Indian press, "*The Statesman*" of 3rd January, 1957, reports appeared to the effect that this parent company was guilty of concealing profits and so on?

SHRI MANUBHAI SHAH: As far as this matter is concerned, I have already answered that it did come to our notice not only through the papers but through actual investigations by us and we ourselves took action to see that the private limited

company was converted firstly into a public limited company and secondly, 30 per cent, of the holdings were thrown to Indian hands.

Regarding the price which was the main point in the Commission's Report, they have taken severe steps in England and we ourselves are regulating the prices here.

SHRI BHUPESH GUPTA: May I know whether the hon. Minister's attention has been drawn to continuing malpractices in the company and also whether the trade union has demanded that this company, in view of its national importance, be nationalised?

SHRI MANUBHAI SHAH: We have received some complaints from the trade union there and, as I have said already, the matter is being looked into.
