SHRI B. N. DATAR: Sir, when the extension is for a period below one year, then naturally it is open to the Ministries to consider this question but, if it is for a longer period, then the U.P.S.C, also is consulted.

DR. SHRIMATI SEETA PARMANAND: Are Government aware that there are several cases where there are extensions of three years and four years as, for example, in the I.F.S., where recently there have been cases wherein, without any reference to either the Public Service Commission or to the Medical Board, extensions of three years and four years have been given?

SHRI B. N. DATAR: If !the hon. Member brings it to my notice I shall surely look into the matter.

PANDIT S. S. N. TANKHA: As the U.P. Government has extended the retirement age of its own Government servants, has it made any request to the Central Government in respect of its employees serving under it that their ages may also be correspondingly raised to that level?

SHRI B. N. DATAR: It is nlot necessary for them to make any request fo us because, so far as the members of the All-India Services are concerned, they are governed by the rules which are placed on the Table of the House here and these rules will not in any way be affected by what the U.P. Government does.

SHRI BHUPESH GUPTA: The hon. Minister stated that there were arguments both in favour of and against this extension. I know the Government is fond of superannuation even in very high places. May I know, Sir, what are the arguments in favour and what are the arguments against? That is very important for us to know.

SHRI B. N. DATAR: That is a very large question?

MR. CHAIRMAN: It is a rery large question.

SHRI BHUPESH GUPTA: Can I make it

Mr. CHAIRMAN: No, you cannot.
