SHRI MAHESWAR NAIK: Is it a fact that due to non-establishing of calls on this particular line, *i.e.* the Delhi-Calcutta line, many people are refraining from booking calls? Is it not a fact that due to congestion or some other reasons, many callers who are otherwise willing, are not prepared to book calls on this particular line?

SHRI SATISH CHANDRA: I do not know. Sir, for I find that the number of calls is going up enormously from month to month and from year to year. The total number of calls on the Delhi-Calcutta route in 1955-56 was 2,25,000 as compared to 1,62,000 last year.

SHRI MAHESWAR NAIK: What is the average duration of time required to establish a call on this line?

SHRI SATISH CHANDRA: Sir, it all depends on the rush at that particular moment. If there is an interruption somewhere, of course, calls are delayed.
