THE MINISTER FOR AGRICULTURE (DR. P. S. DESHMUKH): Under the Key Village Scheme, 574 Key Village Units are functioning. Each Unit is designed to serve 500 breeding cows either concentrated in one village or spread over a few contiguous villages. The number of villages served by these units, therefore, depends upon the cattle population in and around these units and has not been assessed.

SHRI DEOKINANDAN NARAYAN: Sir, I had asked ii> my question for the number of villages statewide.

DR. P. S. DESHMUKH: I have got the statement. I am prepared to place it on the Table of the Sabha.

SHRI DEOKINANDAN NARAYAN: How far is the Central Government helping them monetarily?

DR. P. S. DESHMUKH: There is the scheme according to which we help. Sir, it would take a long time to give all the details, but they have been given in many places.

SHRI DEOKINANDAN NARAYAN: What percentage of the expenditure is being met by the Central Governments?

DR. P. S. DESHMUKH: In many items it comes to 50: 50, but we give certain grants for building and certain non-recurring grants.
