

SHRI M. GOVINDA REDDY: May I know whether the Government have ascertained the reason why the registers were not submitted to audit?

SHRI ANIL K. CHANDA: The form that was first devised was a very complicated one and we were also suffering from lack of trained personnel. The new form that we have now supplied is a simpler one and we are getting the returns properly, but some of the new missions which have been opened after 1950 might have defaulted and, as I said, we are collecting the information and we shall lay it on the Table of the House. After the simplification of the form they were expected to submit returns by the end of June 1954. Most of them have been received but possibly some have not yet been received. As I said, the information is being collected.

SHRI M. GOVINDA REDDY: Has the Rajkumari Committee which was appointed in this connection received any returns?

SHRI ANIL K. CHANDA: I do not know what Committee the hon. Member is referring to.

SHRI M. GOVINDA REDDY: An Advisory Committee was appointed with the hon. Rajkumari Amrit Kaur as President to look into the furnishing and furniture needs of the Embassies.

SHRI JAWAHARLAL NEHRU: It has nothing to do with returns or registers. It was to advise on the artistic aspects of this question.

NEW CENTRAL CADRE OF OFFICERS CALLED "FRONTIER SERVICE"

*471. DR. RAGHUBIR SINH: Will the PRIME MINISTER be pleased to state:

(a) whether Government propose to organise a new central cadre of officers to be called "Indian Frontier Administrative Service" for the administration of the Hill Districts and Himalayan regions of India; and if so, when; and

(b) whether any details of the above proposal have been worked out?

THE DEPUTY MINISTER FOR EXTERNAL AFFAIRS (SHRI ANIL K. CHANDA): (a) and (b). Yes. There is a proposal to constitute a cadre of officers to be called the "Indian Frontier Administrative Service". The Political Officers and Assistant Political Officers who were selected for service in the N.E.F.A. in 1953 will form the nucleus of this cadre as they have generally justified their selection and shown good results. The Government is of the view that special type of sympathetic and friendly approach is needed in our dealings with the tribal people. The officers selected for this cadre will, therefore, be those who possess these special qualities in adequate measure and they will be trained and encouraged to develop these qualities further and to specialize in the administration of tribal people living in the frontier regions.

The draft rules for this Service have been prepared and are on the same lines as those for the other All-India Services. These draft Rules will be examined by the Cabinet shortly.

It is expected that the cadre will be finalised by the end of this year.

DR. RAGHUBIR SINH: May I know whether the officers of this cadre will be utilised only for the N.E.F.A. or whether they will be utilised in other areas also?

SHRI ANIL K. CHANDA: Mostly for the N.E.F.A. and also for areas like Tripura, Manipur and areas having the same problems.

SHRI H. C. MATHUR: What is the proposed strength of the cadre?

SHRI ANIL K. CHANDA: To begin with it is contemplated that it will have 23 Political Officers and 20 Assistant Political Officers.
