NATIONAL MUSEUM, NEW DELHI

*21. DR. RAGHUBIR SINH: Will the Minister for EDUCATION be pleased to state:

(a) whether it is a fact that the construction work of the building for the National Museum has been suspended for the present;

(b) if so, what are the reasons for the suspension of this work; and

(c) when the same will be resumed?

THE DEPUTY MINISTER FOR EDUCATION (DR. K. L. SHRIMALI): (a) to (c). The construction was temporarily suspended in order to discuss certain aspects of the plan with the Directors of established museums in Europe, and has now been resumed.

DR. RAGHUBIR SINH: Why were not such consultations made, Sir, before the scheme was sanctioned?

DR. K. L. SHRIMALI: The position is this. We started construction of the National Museum but then several newspapers thought that the plan was not modern and that it had certain defects. The 'Statesman' particularly, carried on a big campaign. Government took notice of it and since the Minister was going to Europe, we took advantage of consulting various Directors of National Museums and I am glad to inform the House that the plan which was prepared by the Government of India met with the general approval of the various Directors.

DR. RAGHUBIR SINH: May I know for how long this construction work was suspended?

DR. K. L. SHRIMALI: That was just for a short period.
